

TDS is a biological powder de-scaler based on weak acids, bacterial strains and enzymes that are formulated to dissolve organic and inorganic materials, uric acid and limescale. The product contains micro-organisms that are capable of digesting fat, grease and oil found in toilets, drains and pipes. It acts immediately due to its chemical composition and leaves a fresh scent. pH not available

APPLICATIONS

De-scaling of toilet bowls, toilet systems, drains and pipes.

 Avoid aluminium, zinc, tin, and their alloys and galvanised surfaces.

Product BTCUN020
Size 5kg =100 x 50g sachets

INSTRUCTIONS

Step 1

- Add one sachet to each toilet once a week.
- Let sachet stand for 1 minute for complete dissolution.

Step 2

- Scrub the bowl and flush water into the toilet.
- Repeat if necessary.

TIPS

 Product is blue in colour – it will leave blue stains if allowed to sit in toilet bowl longer than recommended
