

QUAKEHOLD CLEAR MUSEUM GEL

Clear Museum Gel is used as a removable adhesive for use under glassware, china, ceramic, collectibles and crystal. It is a see-through product that protects your precious items from toppling and shattering.

Museum Gel will remain soft and flexible. It is non-toxic, removable and reusable.

APPLICATIONS

Ideal on glass and plexi-glass.

⚠ When handling, follow manufacturer's directions implicitly. Oils contained in Museum Gel may easily transfer to other surfaces.

Product IACQH010
Size 110ml

INSTRUCTIONS

Spot test in an inconspicuous area prior to use.

Step 1

- Scoop a small portion of Museum Gel out of the jar and roll it into balls.

Step 2

- Place it on the bottom of the object, press down lightly, and twist the object into position.
- The gel gradually flows across the base of the object until it creates a superior, invisible bond.

N.B. Clear Museum Gel is designed for use on flat, level surfaces only and takes up to one hour to set properly.

TIPS

- We recommend testing the product adhesion periodically and cleaning the area to ensure proper adhesion
