

Wet Swiffer cloths are so easy to use, the down side is the amount of chemicals that they may contain. Switch to a less expensive and more environmentally friendly way of cleaning the floors.

#### APPLICATIONS

Use Swiffer pole and mop head with a soft, white (you can see how dirty the floors really are!) microfibre cloth on all hard floors. You can be confident that you will not harm the floor surface.

#### SIZE

Microfibre cloths: 40 x 40cm

General cloths

+

1 x Swiffer pole

#### TIPS

- For best results rinse the cloth frequently and change the solution regularly
- For wood floors, remember to wring cloth out very well or dry floor thoroughly after cleaning. Wood does not like to be left damp
- Correct dosage of your preferred cleaning product saves costs and reduces the product's impact on the environment

#### METHOD

- Submerge cloth in a bucket
- Wring out cloth
- Wrap around Swiffer head

#### ADVANTAGES

- Flip the cloth over and use both sides
- Machine wash up to 60°C with a small amount of washing liquid or powder, and re-use

 Do not use bleach or fabric softener
