

We don't always separate our coloured washes, as a result, thousands of stray colour and dirt molecules can become attached to our clothing, leaving bright garments looking dull. Colour Catcher Sheets have the ability to collect all the stray dirt and dye that is swimming around with your clothes in every wash. pH not applicable

APPLICATIONS

Use for mixed colour washes.

WASH TEMPERATURE

Effective at all temperatures.

Product LSRDR090

Size 25 sheets

INSTRUCTIONS

- Place the Colour & Dirt Catcher sheet at the back of the washing machine
- Load the clothes, adding detergent as usual
- Loose colour and dirt will be collected and locked onto the sheet during the wash cycle
- Simply remove the sheet at the end of the wash and throw away. You can see the transferred colour and dirt on the sheet

TIPS

- As an alternative to single-use sheets, try Dr. Beckmann's Re-usable Colour and Dirt Collector cloth. Locks in more than 10x colour than the regular sheet. And you'll be doing your bit for the environment
- And for those days when nothing is going right, try Dr. Beckmann's brilliant Colour Run Remover sachets
