

Effective, highly concentrated, non-toxic alternative to highly caustic conventional dishwasher products. Cuts through grease and food particles removing tough stains leaving a fresh minty fragrance in your machine. No animal testing. Made with vegetable-based surfactants. Ideal for hard water. Optimal biodegradability. pH 10 – 11.3

APPLICATIONS

Glass, crystal, stainless steel, silverware, dishware, pots and pans, chinaware, porcelain.

Highly concentrated formula - up to 50 washes per 1L bottle.

Product PDWET010
Size 1 L

DIRECTIONS

- Effective from 50°C
- Shake well before use
- Squirt 20ml or 30ml (depending on hardness of water) into the dispensing tray of your dishwasher
- Close tray and set programme

TIPS

- For best results: Rinse away food debris, baked on food and cheese and any washing-up liquid before use
- Stack dishes, glassware and utensils with space in between, as recommended by most dishwasher manufacturers
- With its concentrated formula, this is excellent value per wash
